AHBA TEST/TRIAL PROGRAM

A dog may enter competition at any level for which it is trained. No degree is prerequisite for another. The AHBA herding trial program allows herding dogs and their owner/handlers to demonstrate herding skills at three levels of herding training. The levels are designated by the prefix HTD for "Herding Trial Dog" followed by the numerals indicating the dog's level: HTD I, HTD II, or HTD III. For each level, a dog must earn two qualifying scores under two different judges. Although all classes may not be offered in every AHBA trial, classes that may be offered in any specific trial include:

HERDING CAPABILITY TEST	HCT
JUNIOR HERDING DOG	JHD
HERDING TRIAL DOG	HTD
HERDING TRIAL ARENA DOG	HTAD
HERDING RANCH DOG	HTD
RANCH LARGE FLOCK	RLF

A dog which has earned one leg toward the HTD II title may not compete at the HTD I level *on that type of stock*, but may compete at a lower level on another type of stock. For the first leg of the HCT test, dogs need not have had prior herding training, but should have had training to "come" reliably when called. Basic training to "sit," "down" or "stand-stay" is highly recommended, as is prior supervised exposure to livestock. HCT second-leg testing will require that the dog have had some basic herding training. Titles are earned separately on different types of stock, with two legs under two different judges being required for the title on that particular type of stock. The type of stock on which the title was earned will be indicated by the use of small initials after the titles: 's' for sheep, 'd' for ducks, 'g' for goats, 'c' for cattle. Titles on different types of stock may be earned concurrently or consecutively, at the same level or at a different level. A dog may be excused by a Judge at any time for unnecessary roughness, over-running of stock, or lack of control. A dog may also be excused for non-productive work after five minutes.

NOTE:

Effective June 1, 2010, all dogs participating in AHBA events must have full information, including a registration number, provided for entry on recording forms. **The registration number to be used should be the dog's regular registration number. In the case of dogs which have more than one registration number, the owner must choose one and use it consistently for AHBA purposes. Owners of unregistered dogs may apply to the AHBA for a tracking number to be used in place of a registration number. The tracking number is only for dogs which are not otherwise registered.**

TRACKING NUMBER POLICY

All dogs participating in AHBA events must have full information, including a registration number, provided for entry on recording forms. **The registration number to be used should be the dog's regular registration number (AKC, CKC, ASCA, etc.). In the case of dogs which have more than one registration number, the owner must choose one and use it consistently for AHBA purposes. Owners of unregistered dogs may apply to the AHBA for a tracking number to be used in place of a registration number. The tracking number is only for dogs which are not otherwise registered.** The Request for Tracking Number form may be obtained from Kay Delk-Keziah, email: maplegrovefarm@yahoo.com, or regular mail: 1886 Bescher Chapel Road, Denton, NC 27239. The completed form is sent to the email or mailing address on the form, and the owner will be sent a tracking number to use for entering AHBA events. **In addition to using a consistent registration or tracking number, owners must use one consistent name when entering a dog.** After June 1, 2010, any incomplete recording form received by the AHBA will not be processed.
